TIRADOR TEMPO MADERA

KLEIN®

El aluminio macizo, la suavidad de sus acabados, la sensualidad de sus discretas curvas otorgan a TEMPO personalidad propia y elegancia. Una discreción capaz de adaptarse a cualquier estilo. Un carácter siempre reconocible: ergonomía vestida de simple y sugerente belleza. Un complemento que marca la diferencia.

El tirador TEMPO se pega sobre cristal y se atornilla sobre madera, para unos acabados impecables. Sus tres posibles acabados convierten TEMPO en el detalle final ideal, cualquiera que sea el estilo de tu proyecto.

Escoge: tú decides.
